

Student Notice

Dear Student,

BIMAP is always seeking to improve the products and services offered by the Institute. Therefore, in an effort to continually enhance the delivery of courses, we request your participation in the course evaluation survey at the end of the course. Your opinion is important to us and the feedback provided would be used to ensure we deliver consistently high-quality products and services.

The evaluation activity will be facilitated via your MOODLE course page and should take no more than 10 minutes to complete. A notice will be sent to you when the activity is made available. The feedback will be anonymous and we therefore welcome your honest contribution. Please make a special effort to complete the survey. BIMAP thanks you for your support in our endeavour to improve our operations.

BIMAP Team
